

The National School for Emergency Care proposes training sessions on
Emergency Medicine

Every Saturday starting November 29, 2014. 9am-3.00pm

Location: Mount Lebanon Hospital – Baabda

These sessions are dedicated to ED and EMS staff. The validation of all courses allows obtaining certificates of specialization on Emergency Medicine techniques, basic or advanced first aids depending on the level and the function of trainees. All certificates are accredited by the Ministry of Higher Education.
